Recipe Generator

Purpose
WHAT TO COOK FOR DINNER?
With the recipe generator, you no longer have to make a
decision for a long time. With only a few added ingredients
needed.

Audience
Portrait of the target audience:
female/male
age – over 20 years;
income – average
job – with a high probability sedentary, sedentary;
needs: due to a busy schedule, there is no time to eat
properly, there is no time to make a menu.

Constraints
The number of recipes from the selected ingredients.

Plan Mid1(5 week):

-authorization on the website

-search for recipes by ingredients

-registration on the website

-preparation of the recipe database

-Frontend pages

Report for 1-3 weeks:

- project [prototype](#)

- payment for training courses on the website (main.go)
